Naturopathic Medicine Informed Consent – Child Intake 0 – 8 years

PLEASE NOTE THAT THIS FORM MUST BE SIGNED PRIOR TO YOUR 1ST APPOINTMENT

We would like to take this opportunity to welcome you to Lakeside Natural Health Centre. This clinic utilizes the principles and practices of Naturopathic medicine and other supportive therapies to assist the body's own ability to heal and to improve the quality of life and health through natural means. Naturopathic doctors asses the whole person, taking into consideration physical, mental, emotional and spiritual aspects of the individual. Your ND will conduct a thorough case history and may perform a physical exam, specific blood and/or urinary laboratory reports as part of the treatment work-up. It is very important that you inform your Naturopathic Doctor of any medical concerns or medication and supplements you may be taking. Please advise your ND if you are pregnant, suspect you are pregnant or if you are breastfeeding. As a patient you will receive information about your diagnosis and/or treatment, alternative courses of action, the material effects, costs, expected benefits, risks, side effects and in each case the consequences of not having the diagnosis and/or treatment acted upon. As with any form of medical intervention there can be health risks associated with treatment by naturopathic medicine including acupuncture. By signing this form you acknowledge your understanding of the associated risks and accept full responsibility for any fees incurred during care and treatment and grant permission to proceed. Possible side effects include, but not limited to; aggravation or pre-existing symptoms, allergic reaction to supplements or herbs; pain, fainting, bruising or injury from venipuncture or acupuncture.

Privacy of your personal information is an important part of providing you with quality Naturopathic care. We understand the importance of protecting your personal information and are committed to collecting, using and disclosing your personal information responsibly. Our privacy protocol complies with privacy legislation and standards of our regulatory body, the College of Naturopaths of Ontario.

I understand that a confidential record will be kept of the health services provided to me. This record will be kept confidential but if required, I understand that my Naturopathic Doctor may discuss my case with other healthcare providers. I understand that I may look at my medical record at any time and can request a copy of my file with a fee of $0.10 per page. I understand that information from my medical record may be analyzed for research purposes and that my identity will be protected and kept confidential.

I understand that the results are not guaranteed. I do not expect the naturopathic doctors to be able to anticipate and explain all risks and complications. With this knowledge, I voluntarily consent to Naturopathic care. I intend this consent form to cover the entire course of treatment. I understand that I am free to withdraw my consent at any time.
